

RITE NOW @ ROP

Earlier this month, Lake Granbury Youth Services hosted their 12th Behind The Walls event. Behind The Walls is a Dallas-based ministry group with thousands of volunteers and guest speakers to include pro athletes, champion weight lifters, magicians, and race car drivers just to name a few. This group takes their message of hope and inspiration to youth in detention settings and motivates them to look beyond their current circumstance and envision a promising future.

Caleb Crevier was the guest speaker for this special event at LGYS and captivated the student athletes, staff and guests with his juggling and unicycle skills. Caleb is part of a very large family who were finalists on America's Got Talent for showcasing their athletic talents and basketball spinning skills. Caleb's message of perseverance, hard work, and faith was inspirational to all in attendance. LGYS appreciates the outpouring of support and opportunities like these to partner with local organizations who, like us, are dedicated to improving the lives of youth.
