

RITE NOW @ ROP

The Student Athletes in Alpha 1 cottage group at Lake Granbury Youth Services recently attended a private virtual and interactive presentation from Bill Glass Ministries Behind the Walls (a Dallas-based ministry group), the M.A.D.N.E.S.S. (Motivation And Dedication Never Ever Stop Striving) motivational group, and John Patton, LCSW (intervention facilitator). The youth were able to engage virtually with the presenters and expressed it felt great to have interaction with people outside the facility during the pandemic.

This group of boys earned this opportunity by being the only cottage group with the highest percent of work completed in school, highest percent of Edgenuity modules completed, most appropriate language, dress code, and no incident reports for a two week period. Well done, Alpha 1!
