

RITE NOW @ ROP

The RAMS and Contributors at Lake Granbury Youth Services are giving back to their community by making survivor bracelets and wooden toys for victims of abuse that receive services at the Paluxy River Child Advocacy Center (PRCAC) in Granbury, Texas. The four students came up with this idea on their own, and wanted to let children know that there are people out there that love them. The Contributors delivered these gifts to the PRCAC with their case managers and therapists.
