

RITE NOW @ ROP

Lake Granbury Youth Services has kicked off their Cooking Club. The student athletes started out learning the basics - for example, how to make scrambled eggs and fry sausage. Texas Regional Kitchen Supervisor Cheryl Bailey is sharing her love of cooking with her students and teaching them how to follow recipes, the meaning of service, and giving back to their community. All members of the Cooking Club have received their ServSafe certification and will be able to use this experience when they return home!
